SachiSa®

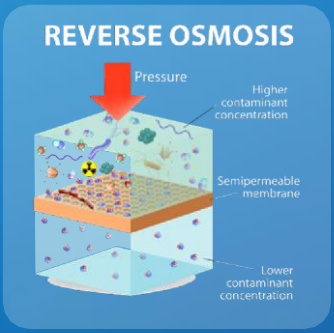
# YOUR FAMILY'S HEALTH & SAFETY DESERVE #1

***SachiSa is the UAE's #1 Brand in Water Purifiers***

# Think pure. Drink pure with SachiSa Aqua Alkaline Water Purifier

## Reverse Osmosis (RO) Technology

- Removes metallic salts, chemicals and impurities
- Built using premium US membrane technology



## Alkaline Technology

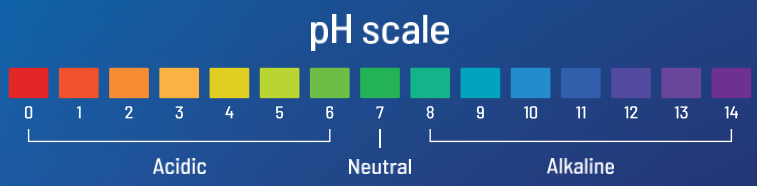
- Retains essential minerals your body needs
- Powered by advanced South Korean Biocera alkaline technology for healthier Hydration

# Taste pure with Biocera in SachiSa Aqua Alkaline Water Purifier

Most water purifiers are built with Reverse Osmosis (RO) systems, which effectively remove microorganisms and harmful substances such as lead, arsenic, and other toxic metals. They are also cost-effective and easy to operate. However, RO treatment also removes beneficial minerals, resulting in slightly acidic water.

**Biocera** adds these essential minerals, transforming acidic demineralized water into pH-balanced spring water right at your own home.

**The Final Result?** Healthier, tastier purified water similar to the miracle spring waters of the Zamzam Well, Lourdes and Tibet.



# 8 Reasons to Switch to SachiSa Aqua Alkaline Water Purifier

## Our advanced purification process consists of 8 stages :

Stage 1
5 mic Pre-Filter

Stage 2
Activated Carbon Filter

Stage 3
Activated Carbon Block Filter

Stage 4
0.0001 mic TFC RO Membrane

Stage 5
Post Carbon Filter

Stage 6
Anti-Oxidant Alkaline Filter

Stage 7
Anti-Bacterial Filter

Stage 8
Ultra Filtration Membrane

# Live pure with SachiSa Aqua Alkaline Water Purifier

## Start enjoying these healthy benefits with each glass of alkaline water:

- Hydrates faster than regular water
- Boosts energy and improves overall vitality
- Delivers a smoother, more refreshing taste
- Rich in essential minerals
- Flushes out toxins faster
